## **The Most Recent News And Society Articles**

### **[Beware of the Media, It Will Melt Your Mind and Make You Stupid He Said](#)**

All it is, is mass brainwashing - dummying down society, he told me. Then he explained last year how he went down to the local newsstand right after the Giant Earthquake and Japanese Tsunami and what was on the cover? One headline about the mega-disaster and several stories about such things as "some football star having an affair with a prostitute and this is not an isolated incident it happens every day worldwide.

### **[Young People Not the Only Ones to Fall Victim to a Cyberbully](#)**

Most people associate the word cyberbully with a disgruntled young person texting and emailing the object of his malice 30-50 times per day and setting up smear campaigns on social networks to destroy said object's social life. While this is the accepted portrait of the young cyber bully, there are also other, older people being victimized as well.

### **[What Kind of Capitalism Is Good for America?](#)**

The year was 1945, two forces joined together to beat the biggest threat in the world, fascism. To put it in simple terms, fascism was a form of government used by Nazi Germany. The forces that joined together were communism and capitalism. In today's world this would seem to be an impossible mix of ideology due to the "Cold War"...

### **[Reinventing the 312 Home Improvement Loan Program](#)**

The Section 312 Home Improvement Loan Program can provide an outstanding tool to support the much needed rehabilitation of our nation's older housing stock. This article discusses how this program might be adapted to the current situation and outlines the substantial benefits of a national home improvement loan program.

### **[Press Releases - Useful In Promoting Your Business](#)**

Press release is a news story, written in third person to reveal the details of any important ceremony, event, service or a person. Oct 28, 1906 was a landmark day in the history of formal communication, when Ivy lee drafted the 1st press release to report a railway accident. Since then, the press release has been a formal way of communication directed at print and electronic media for the purpose of announcing something ostensibly newsworthy.
